Christmas shopping the EASY WAY

At this busy time of the year, you need all the help you can get. One great way to save time and trouble is our Home Delivery service.

Next time you place a catalog order, just say "Home Delivery, please." That's all you have to do. No traffic,no parking, no standing in line.

Home Delivery won't put a strain on your holiday budget either. Usually it costs only a few cents more than an order picked up at the store. And think what you'll save on gasoline!

We'll send your order anyplace: your home, your place of work, a neighbor's house. Your package will be there in just a few days.

Perhaps you'd like to send a gift to someone out of town. We'll take care of it—and probably get it there sooner than if you picked it up and mailed it yourself.

Most orders will be delivered by dependable United Parcel Service. You'll be amazed how easy Christmas shopping can be! See rates and details on pages 363, 364.

OUR BIRTHSTONES are all either synthetic corundum or spinel. Names of natural gems are used to suggest colors of the synthetic stones. *State birthmonth—not birthstone*

Birthstones for Remembrance

ALL BIRTHSTONES are either synthetic corundum or spinel. They have a hardness rating of 9 (corundum) or 8 (spinel) which is equal to or even harder than some of the natural gems they resemble. We set stones in the order that gives the most pleasing appearance. Gift boxed. *To Order: See birthstone chart above. State birthmonth, not birthstone. State all birthmonths desired for ring. Specify Father's, Mother's, and Daughter's birthmonths where indicated. State ring size—see below.* ' We pay delivery charges from factory near Chicago, Illinois; allow extra time. Decorative Cubes and Chests

7 to 10 CUBE/TOY CHEST TRUNKS are perfect for children's rooms. Serve as seats, end tables, while providing extra storage space. Vinyl coverings make them easy to clean. Linings are color-coordinated with each design motif. Sturdy 3-ply wood box construction. Brass-plated hardware. Product-engineered for safety — trunks have a ⅝-in. space between lid and chest to help prevent suffocation, or squeezing of fingers when lid is closing. [7] and [8] measure 18x18x18 in. [9] and [10] measure 26½x18x18½ in. Delivery Class C—see page 364.

Cushioned vinyl-wrapped handles are contoured to fit the hand. Even when cases are packed full, the positive grip handles assure the most comfortable carrying. Handle secured by two rigid steel posts on side of luggage.

Lightweight steel frames reinforce the perimeters of each case and lid for [G] and [F]. They keep luggage in shape even when empty—yet, softside luggage expands to pack a lot. This excellent construction feature gives you more space and less weight.

Twin heavy-duty Nyguard* zippers on cases [G] and [F]; single zipper on bags [A] and [C] through [E]. They're color matched for an extra fashion touch and they won't snag, catch, or pop open. Nyguard* zippers are designed to resist pressure and close easily, even when packed full.

Water-resistant, wipe-clean, imported vinyl with mock leather-grained finish. Helps resist scuffs and scratches.

FLAME-RESISTANT

CHEM FREE: The fabric in these garments is flame-resistant without the use of a flame-retardant chemical treatment.

PENNEY POINTERS ON
FLAME-RESISTANT CHILDREN'S SLEEPWEAR

- It's *more resistant* to catching fire than ordinary sleepwear
- Flame *spreads more slowly* when the source of the fire is still in contact
- Flame is either *self-extinguishing or easy to extinguish* by brushing, slapping, or smothering it away

Federal law sets flame-resistance standards for Children's Sizes 0-14. JCPenney sleepwear meets those standards.

SAVE $3 on Touch Up 'N Go© Steam Machine

N REPLACES THE IRON FOR TODAY'S FABRICS! The Steam Machine is the "cool" iron that produces steam, not heat, to remove wrinkles. Conventional irons with metal sole plates can reach 280°F, which can scorch fabrics. Touch Up 'N Go produces steam, yet its exclusive thermoplastic sole plate remains at a "cool" 160°-170°F. Does not scorch or leave iron-shine on any fabric. Uses ordinary tap water. 4-way steam control. Turns off automatically when water is used up. Lightweight plastic. Use vertically or horizontally to remove wrinkles from draperies, curtains, suits, dresses. No need for ironing board or pressing cloth. Folding handle. Fits into travel case. UL listed. 110-120 volts, AC only. 500 watts. Warranted by manufacturer—write for copy, see page 363. $19.95 in our big Fall '80 Catalog, see page 1090.

Light Kits for Your Fan Cast a Warm Glow Every Day of the Year

SAVE $80

ONLY TILL DECEMBER 27, 1980

After Dec. 27, Order at Reg. Price

A YOUR FAN WILL EFFECTIVELY CIRCULATE WARM AIR IN WINTER, AIR-CONDITIONED COOLNESS IN SUMMER. And it's inexpensive to operate! Costs just pennies a day to get more efficient use of heating or air conditioning. Choice of bronze-color or off white painted cast metal housing, both highlighted with brass-plated fittings. Has 3-speed control, and on/off switch (or use existing wall switch). 4 wooden blades with 13-in. blade drop; add 10 in. to drop when using light kit. To install, wire into standard ceiling junction box; mount into ceiling joists (hardware included). Install on 8-ft. or higher ceiling. 52 in. wide. 40-185 RPM. 110-120V, AC. UL listed. Warranted by manufacturer—see page 363. Reduced from our big Fall '80 Catalog—see page 974.
X 903-9025 A—Bronze-color. Del. weight 34 lbs. .....Was $279.99; NOW 199.99
X 905-5872 A—Off white. Del. weight 34 lbs. .....Was $279.99; NOW 199.99

HOW IT WORKS IN WARM WEATHER: The air motion created by the ceiling fan acts as a wind-chill factor much as the wind lowers temperature outside in winter.

HOW IT WORKS IN COOL WEATHER: As warm air from your heating system rises, much of that air is trapped near the ceiling. Ceiling fan forces trapped air downward, so your heating system has to perform less frequently.

B LIGHT KIT has 8-in. diameter glass diffuser. Pull chain allows use of light independently of fan. Mounts to fan quickly and easily—hardware included. Use one standard 100-watt (max) bulb—not included.
X 960-7409 A—Bronze-color. Del. weight 2.40 lbs. .....Everyday Low Price 19.99
X 901-8896 A—Off-white. Del. weight 2.40 lbs. .....Everyday Low Price 19.99

C SWAG KIT allows you to operate fan where there is no ceiling fixture or junction box. Includes 18-ft. metal chain that coordinates with fan, 19-ft. electrical cord, plug, 2 hooks, and cover plate.
X 903-9033 A—Bronze-color. Del. weight 3.90 lbs. .....Everyday Low Price 14.99
X 900-0480 A—Off white. Del. weight 3.90 lbs.....Everyday Low Price 14.99

Here's How Firescreens Help You SAVE ENERGY:

As the fire dies out, costly room heat can escape up the chimney. Closing the firescreen doors and damper helps keep heat inside the room so you can save money on oil and other fuel bills. See **Penney Pointers** about Home Energy Savers on page 995 in our big Fall '80 Catalog.

Teams up with your firescreen—forces heat that is normally lost up the chimney into the room

4 HEAT EXCHANGER GRATE. Blower draws room air into fireplace; air gathers heat as it moves through steel tubes under fire before being expelled through bottom vents. Blower operates at 60 and 100 CFM—can be placed on either side. Firebox must be at least 22 in. wide in rear, and 20 in. deep. Grate fits openings 26½ to 39⅛ in. wide—use duct extenders (sold below) for fireplaces up to 45 in. wide—each pair adds 6 inches. Ideal for use with tempered glass firescreens sold above—when measuring for correct glass screen size, subtract 1 in. from height of fireplace to accommodate grate. When ordering heat exchanger for existing glass door firescreens, allow 1-in. in height of opening to allow for exchanger duct. Do not use for furnace installation. 110-120V, AC. UL listed. 6-ft., 3-wire cord. Unassembled—no special tools required for assembly. 14 gauge steel. Order accessories below. Warranted by manufacturer—write for copy, see page 64. Reduced from our big Fall '80 Catalog—see page 987. Delivery Class C—see page 364.

SAVE $50 Only till December 27, 1980 on Our Best Solid Brass Firescreen

Now low as **149.99** Sizes 01 thru 05
After Dec. 27, 1980 order at Reg. Price

Has all the features of the screen on the opposite page, PLUS it's fully assembled and has:

- **Extra heavy inner frame**
- **Double dampers for better air flow**

A OUR SOLID BRASS FIRESCREEN with tempered glass doors is as efficient as it is good looking! Expertly crafted and polished in your choice of two finishes. Features solid brass outer frame with extruded heavy-duty aluminum inner frame for added strength and rigidity. 3/16-in. thick tempered glass doors are shatter resistant and help prevent room heat from escaping up chimney. Full-length piano-type hinges add strength to doors. Metal mesh curtain has outside pull-chain. Dampers on top and bottom panels let you control draft to fire. Screen is easy to install—mount outside fireplace and tighten clamps. Thick fiber glass packing around frame adjusts to irregularities in masonry, helps seal against air leaks. See Penney Pointers about Home Energy Savers on page 995. Tempered Safety Glass on page 1141 in our big Fall '80 Catalog. Reduced from our big Fall '80 Catalog—see page 987. Del. Circular Free-Standing Fireplace Saves Energy

High velocity air enters along glass walls—air flow prevents deposits from accumulating on glass. Swirling, slower moving air currents burn wood more thoroughly and leave minimum residue and ash. Inside air currents create spinning, "cyclonic" flame. Top baffle re-directs air currents for longer lasting fire that produces heat for greater periods of time.

The Crest Airtight Stove Saves Energy

HERE'S HOW IT WORKS: Automatic thermostat controls air entering though intake ports at bottom. Baffle system directs flame path horizontally, and into a second combustion chamber where heated air mixes with oxygen and unburned gases. Hot air rises to top chamber and yields more heat before going up flue.

B THE CREST AIRTIGHT burned a full load of wood (55 lbs.) for 12 hours, and produced useable heat for the full time period when tested by the JCPenney Merchandise Testing Center—that's approximately twice as long as our 38½-in. Franklin (see page 991 in our Fall '80 Catalog). Features 100% solid cast iron construction, with convenient side and front doors for easy loading. Use it as a warm, inviting fireplace with the door open, or as an efficient airtight heater with doors closed. Top surface keeps meals serving-hot. Automatic thermostat control regulates air entering firebox. Includes back and bottom heat shields, and firescreen. Overall: 36½ in. wide x 32½ in. deep x 24½ in. high. Holds logs up to 24 in. long. Listed by ICBO (International Conference of Building Officials) # 1707. *Installation:* use with 8-in.-diam. stove pipe, sold below, from stove to ceiling or wall; instructions included. Finish the installation with 8-in. Metalbestos® Chimney Pipe, sold on page 998 in our big Fall '80 Cat. Unassembled—you attach legs and heat shield with household tools. See Clearance Information below. Reduced from our big Fall '80 Cat.—see page 992. Warranted by manufacturer—see page 363. Del. Class C—see page 364. Imported from Taiwan.

†JCPenney Full One-Year Replacement Warranty

Within one year of purchase, we will replace this JCPenney Shop Vacuum if defective in material or workmanship with a new one of equal or superior value. Just return it to JCPenney. Rental use voids this warranty. Altering the grounding cord-set makes this equipment unsafe and voids the warranty. For the balance of this warranty, see page 363.

***Power Rating Note**

Peak Output HP is motor performance measured under lab conditions. VCMA HP is motor performance measured under home conditions. Air Power is a measurement of the combination of air flow and suction. When using your vac, suction and air flow are the properties that pick up liquid or debris and carry it to the canister.

Guzzles wet waste!
- Helps clear clogged drains
- Ideal for sopping up splits and leaks
- Picks up rug shampoo

Devours dry particles!
- Gobbles up shavings, sawdust
- Removes cold ashes

Starting October 1, a Third Great Way to Charge!

Use your JCPenney or Visa charge card *now* for purchases in over 1800 Catalog Departments, and in all our stores—coast-to-coast. Beginning **October 1st,** your MasterCard™ will be welcome too—for added shopping convenience!

No Matter Where You Live . . .
It's Easy to Shop by Phone . . . and Get Home Delivery!

▪ Order by phone coast-to-coast

Every time you order by phone you save shopping time! If there's a phone within reach, it's such a simple matter to make your selection in the comfort of your home or office, then call the nearest Catalog Department to place your order. We have more than 1800 JCPenney Catalog Departments in Treasury Drug, Thrift Drug, and JCPenney Stores—with locations in all 50 states! We've expanded—and no matter where you live—you can take advantage of our easy shop-by-phone service. In your area, you'll find us listed in the telephone book. (If you don't find a listing, ask for directory assistance, or write to our Customer Service Department.)

▪ Ask for Home Delivery

Convenient Home Delivery service can save you even more time—and gasoline! Your order usually will reach you no more than a day or two later than if you were to pick it up. When you phone in your order, tell us where you want it delivered—your home or office, a neighbor's house, even out of town. Then just give us your Penney or Visa charge account number. (And you can use your MasterCard after October 1st—see above). (If you don't have an account with us, a Visa charge card, or, after October 1st MasterCard, you'll have to order in person to pre-pay your order—but you can still have it delivered.) Dependable United Parcel Service will deliver most orders. (In Alaska, Hawaii, and parts of Wisconsin, and for large, heavy items, we use Parcel Post or trucks. It is usually faster and less expensive for you to pick them up at the Catalog Department.) We think you'll find the rates for Home Delivery very reasonable—you can see for yourself on page 364. Try phoning in your order and saying "Charge it and send it." Catalog shopping has never been easier!

▪ Get fast service

You can count on speedy service because high-speed telecommunication systems connect our Catalog Departments directly to our 5 huge Distribution Centers. Your phone and "in person" orders can be transmitted to the nearest Center immediately—no time lost in transit. Delivery trucks serve most of our Catalog Departments on a daily basis—so you can pick up your order in just a few days. We're in easy-to-reach locations with shopping and telephone hours arranged for customer convenience.

▪ Whenever you need personal assistance

You can always expect prompt and courteous service at any JCPenney Catalog Department—whether you order by phone or in person. If you have any questions about your order or method of receiving it—just ask, and our staff will do their best to help you. They're trained to aid customers in every way possible—at all times.

EVERYTHING you buy at JCPenney is GUARANTEED

Your Satisfaction is Our Goal:

WHEN YOU RECEIVE YOUR CATALOG PURCHASE, examine it carefully. If you are not satisfied, return it to us and explain what is wrong. We will exchange it if you wish—or we will refund your money (or credit your account) with appropriate adjustments for transportation and handling charges.

AFTER YOU HAVE USED YOUR PURCHASE. If your purchase from us does not carry a specific JCPenney warranty, it is covered by this guarantee. If it does not live up to everything we have promised for it, or if it does not give you the service you expect during the normal life of the item, please let us know the facts in the matter. Return the item if that is convenient—if it isn't, just say so and we will advise you what to do. We will make a proper adjustment in cash, credit, merchandise, or repair of the item. Whichever it is, you can count on us to do what is right and reasonable. If the item is covered by a specific warranty, please see below.

Consult the Catalog Department in a JCPenney store, if you can. Or send letters to our Customer Service Department at one of the addresses on page 362. To return merchandise see page 362.

Specific Warranties:

JCPenney WARRANTIES. Some of your most important purchases from JCPenney are covered by our own warranties. These warranties protect you from basic defects in the merchandise and from failure in use. These JCPenney warranties are fully stated in the catalog where the items are described—with the exception of the following two concluding paragraphs, which are an official part of every JCPenney warranty:

"For the addresses of JCPenney facilities in your area, refer to your local telephone directory. If there is no Penney, J.C. Company, Inc. listed, write to J.C.Penney Company, Inc., Product Service Department, Warranty Division, 1301 Avenue of the Americas, New York, N.Y. 10019.

"This warranty gives you specific legal rights, and you may also have other rights which vary from state to state."

All JCPenney warranties are included with the merchandise when it is shipped. To obtain a separate copy of the warranty before purchase, write to J.C.Penney Company, Inc., Product Service Department, Warranty Division, 1301 Avenue of the Americas, New York, N.Y. 10019.

MANUFACTURERS' WARRANTIES. Merchandise warranties which are offered by the manufacturer or distributor of an item (rather than by JCPenney) are not published in this catalog. The existence of such a warranty is always noted in or near the description of the item. All manufacturers' warranties are included with the merchandise when it is shipped. To obtain a separate copy of the warranty before purchase, write to J.C.Penney Company, Inc., Product Service Department, Warranty Division, 1301 Avenue of the Americas, New York, N.Y. 10019.

Ordering & Delivery Information

CATALOG DEPARTMENT SERVICE

When you order by phone, or in person, you can arrange to pick up your order at a Catalog Department near you. Your order will be ready a few days after you place it. You can pay cash (or charge it) when you come to pick your order up. Orders picked up at a Catalog Department are not subject to the delivery class restrictions noted in the item descriptions. For rates to a Catalog Department, see page 809 in our Fall '80 Catalog.

HOME DELIVERY SERVICE

When you order by phone, and use your JCPenney, Visa card or (after Oct. 1st) MasterCard, you can have your order delivered to your home. **When you order in person,** you can pay cash in advance (or charge it), and have your order delivered to your home. **When you order by mail,** most orders are sent to your home—we'll contact you about heavier, larger items. **Phone, in person, and mail customers**—read delivery information below for the class of merchandise you want to order. **Mail Order Credit Customers:** We figure tax and transportation-and-handling charge for you and add them to your account. **Mail Order Cash Customers:** For Class A items (and Class B items sent to 2nd, 3rd, and 4th Class Post Office areas) please include transportation-and-handling charge (see chart at right) and taxes (see Taxes below) with your order. Any extra money you send will be refunded in full.

Delivery Class A ("Delivery Weight") items are delivered by United Parcel Service (by Parcel Post in Alaska, Hawaii, and parts of Wisconsin). See chart at right to estimate transportation-and-handling charge for items sent to your home. Some Class A items require a 15-lb. rate—this will be noted in the item description.

Delivery Class B items are delivered by Parcel Post in areas served by 2nd, 3rd, and 4th Class Post Offices. See chart at right for transportation-and-handling charges. In areas served by a 1st Class P.O., these items are sent by truck—see pages 810-811 in our Fall '80 Catalog for rates.

Delivery Class C items are delivered by truck in all areas. See pages 808-811 in our Fall '80 Catalog for details and rates.

Taxes: Simply add on your state and/or local tax rates for every dollar of merchandise you're ordering. Some states (Ark., Col., Conn., Fla., Ga., Hawaii, Id., Ind., Kan., La., Mass., Miss., Mo., Nev., N. Mex., N.C., Okla., Penn., S. Dak., Ut., Wash., Wisc., Wyo.) require you to include this tax on transportation as well as merchandise on orders delivered to your home. Transportation-and-handling charge on orders sent to a Catalog Department instead of your home are subject to the State and Local Sales Tax in most states; this tax will be included in your bill.

Merchandise Sent From Factory is sent direct to your home from the factory. See page 810 in our Fall '80 Catalog for details.

†Use Local Zone if you live within the Atlanta, Milwaukee, Columbus, Reno, or Shawnee Mission, Ks. city limits.

We'll Mail to Service Personnel at A.P.O. and F.P.O. Addresses Anyplace in the World—in Time for Christmas!

For Service Personnel without A.P.O. or F.P.O. addresses, follow regular ordering instructions at left. For A.P.O. and F.P.O. addresses, use Zone II (see below) to estimate transportation-and-handling costs to: Miami, New York, San Francisco, and Seattle. Rates are listed in Chart 1 on p. 808, of our Fall '80 Catalog.

Important—Where to Send Your Order Blank: If you want an order sent overseas to an A.P.O. or F.P.O. address, send your Order Blank to the Distribution Center that serves your own zip code (see chart at left). If you are in the military services with an A.P.O. or F.P.O. address, send your Order Blank to the Distribution Center that serves the state named in your A.P.O. or F.P.O. address. See mailing address at left. Class C items cannot be sent to A.P.O./F.P.O. addresses.

SAM (Space Available Mail) carries packages by air transport at rates shown in Chart above. Parcel must weight 15 lbs. or less and not exceed 60 inches in length and girth. Orders must reach us by November 12 for Christmas Delivery.

PAL (Airlift Military) carries packages by air transport for the following fees per parcel (in addition to rates shown in chart above): up to 2 lbs., 25¢; 2 to 3 lbs., 50¢; 3 to 4 lbs., 75¢; over 4 lbs., $1.00. Orders must reach us by November 19 for Christmas Delivery.

PARCEL POST—Parcel must weight 30 lbs. or less and not exceed 60 inches in length and girth. Items designated Delivery Class A or B in the catalog can be sent by United States Postal Service (Parcel Post) in most cases, but items that are Delivery Class C cannot. Check with local Postmaster for specific A.P.O. and F.P.O. exceptions. For Christmas Delivery, orders must reach us by October 29.

IMPORTANT: We always send orders by SAM whenever package size and weight permit. Packages exceeding the limitations are sent by Parcel Post, subject to transportation-and-handling charge shown in chart above. Tell us when you want them sent PAL.

How to Return Merchandise

Merchandise may be returned to any JCPenney Catalog Department for refund or credit . . . or to the address at left that services your state.

For refunds, exchanges, or damage in transit—also for adjustments under warranties.

WHEN YOU RETURN MERCHANDISE, we make an appropriate adjustment for the transportation-and-handling charge.

Important: Each Home Delivery order shipped includes a "Return or Exchange Form" as part of your invoice, to be filled out in case you need to return a purchase. (If form has been mislaid, list the items on a piece of paper with your name, address, customer number, and approximate date of purchase of each item and include the information with your return.)

Damage in Transit

1. If merchandise delivered by UPS or Parcel Post is damaged on arrival, do not detain the driver. Instead, fill out the "Return or Exchange Form" and send it to us in the package of merchandise you are returning.

2. If any Delivery Class C merchandise is damaged on arrival, get an Inspection Report from the delivery driver and have him take the package back. (If you discover the damage after the delivery driver has gone, notify the transportation company; they will come for the package and give you the Inspection Report.) Send us the Inspection Report, the paid transportation bill (if any), and a copy of your invoice, including the filled-in "Return or Exchange Form."

Regular Exchange Or Refund

1. If you are returning merchandise for any reason other than damage in transit, and the order is Delivery Class A, simply fill out the "Return or Exchange Form" and send it to us in the package of merchandise which you are returning. Send to the address given for your state, see at left.

2. If the merchandise is Delivery Class C write us first for instructions. Fill out the "Return or Exchange Form" and give us the details regarding your return. Upon receiving your correspondence, we will tell you how and where to return the merchandise.

Factory-Shipped Merchandise Only

Write to the Distribution Center where you placed your order (see addresses at left) c/o Dept. F. Explain your problem, and we'll tell you what to do.

If You Shop by Mail please send your order to the address below that services your state. Locate first three digits of your zip code. **Send correspondence and inquiries (except concerning return of Class A merchandise*) to same address c/o CUSTOMER SERVICE DEPT.**

JCPenney Charge Application

NEW YORK RESIDENTS NOTE: We may request a credit report from a credit bureau to aid us in evaluating your application, or after your account is opened to update our records, renew your account, or decide upon the extension of additional credit. If you ask, we'll tell you if we have requested a report, and, if so, we will give you the name and address of the credit bureau that supplied us with the report.

The Ohio laws against discrimination require that all creditors make credit equally available to all creditworthy customers, and that credit reporting agencies maintain separate credit histories on each individual upon request. The Ohio Civil Rights Commission administers compliance with this law.

Use Your JCPenney Charge Card for Regular Charge and Time Payment Purchases

Facts about Regular Charge

1. Everything we offer in our catalogs and our stores can be bought on Regular Charge.
2. You don't have to worry about having cash on hand, writing checks or money orders. No bother about figuring taxes, transportation-and-handling charges—we do it for you. Any refund for a return can be simply credited to your account.
3. Record keeping is simple! Our once-a-month statements are complete permanent records of your purchase.
4. Pay no finance charge if account balance is paid in full before payment due date. Or stretch payments over several months. See the Retail Installment Credit Agreement (Contract) below.

Facts about Time Payment

1. You get all the easy-to-use features, 2-4, listed at the left under "Facts about the Regular Charge."
2. You don't have to make a "down payment." And your first purchase can be big or little, as long as it totals $19 or more.
3. You don't have to finish payments on your first purchase before you buy again.
4. You can count on payments that stay the same each month unless you add on purchases to a new "highest balance."
5. Payments can be stretched over a longer period of time when you use Time Payment.

How to Open Your JCPenney Charge Account

Read the following Retail Installment Credit Agreement (Contract) and sign it on page 369. Keep it for your records. Also sign the Credit Application (at top, opposite page) to verify both that you have read the Credit Agreement and that information furnished on the Credit Application is accurate and correct to your knowledge. Complete the Credit Application (print, using ball point pen) and mail to your Distribution Center, c/o New Accounts Dept. Find the applicable address for your location on page 364.

Your JCPenney Retail Installment Credit Agreement (Contract)

In this agreement, *you* and *your* mean everyone who signs the agreement or is bound by it. *We*, *us*, and *our* mean J.C. Penney Company, Inc., 1301 Avenue of the Americas, New York, NY 10019.

Promise to Pay — You must pay for all purchases you charge, and for all purchases charged by anyone you allow to use your account.

Types of Charges — There are two types of charges under a JCPenney account: regular charges and time payment charges. Any merchandise or service may be purchased from us and billed as a regular charge. Certain types of merchandise identified in our stores and catalogs may be billed as time payment charges.

Billing Statements — If you have a balance on your account, we will send you a monthly statement for your regular charges, your time payment charges, or both. Your statement will show your balance, the minimum payment due, and the date by which we must receive your payment.

Finance Charge — **Finance charge** not in excess of that permitted by law will be assessed on the outstanding balance(s) from month to month. A **finance charge** is the amount you pay us for allowing you to make monthly installment payments for your purchases. You do not pay any **finance charge** if there is no previous balance, or if credits and payments made within 25 days of the current "Billing Date" equal or exceed the balance at the beginning of the period.

The **finance charge** is based on your regular and time payment "average daily balances" during the period. Here's how we find your average daily balance:

(1) We start with the balance you owe at the beginning of the period (Previous Balance). We then subtract any insurance premiums due and any unpaid **finance charge**. You do not pay **finance charge** on these amounts.

(2) We then subtract any payments as of the day we received them. (These payments first go to paying any insurance premiums due or any unpaid **finance charge**.) We subtract any credits as of the date they were issued. We add new purchases as of the date they were made. (If you live in Maine, Massachusetts, Minnesota, Mississippi, Nebraska, New Mexico, Ohio, or Rhode Island, we do not add purchases made since your last billing date.)

(3) We add all the daily balances for the billing period and divide the total by the number of days in the period. The result is your Average Daily Balance.

We then multiply your Average Daily Balance by the periodic rate(s). This is your **finance charge**.

If you have a regular charge balance and a time payment balance, we figure the average daily balance for each. Then we combine them to determine your **finance charge**. If you live in a state which has two rates, the higher rate is applied to your regular charge balance first. There is never a minimum **finance charge** if you have only a time payment balance, or if you have both a time payment balance and a regular charge balance for that month.

All Other States	1.5%	18%	entire	50¢

Minimum Payment — Regular Charges. When there's a regular charge balance, you must make at least a minimum payment each month.

IF YOUR REGULAR CHARGE BALANCE IS:	THEN YOUR MINIMUM MONTHLY PAYMENT IS:
$ 11.00 or less	Balance
11.01 — 200	$10
200.01 — 250	15
250.01 — 300	20
300.01 — 350	25
350.01 — 400	30
400.01 — 450	35
450.01 — 500	40
Over $500	1/10 Balance

If you have an insurance policy that is billed on your JCPenney account, your minimum monthly payment will be increased by the amount of any premiums due that month.

Minimum Payment — Time Payment Charges. When there's a time payment balance, you will pay at least a fixed minimum amount each month. This amount is based on your highest time payment balance in any month. Even if you reduce your balance, your minimum monthly payment will still be based on that highest balance, as long as an unpaid balance remains.

IF YOUR HIGHEST MONTHLY TIME PAYMENT BALANCE IS:	THEN YOUR MINIMUM MONTHLY PAYMENT IS:
$ 19.00 — 90	$5.00
90.01 — 105	5.50
105.01 — 120	6.00
120.01 — 135	6.50

For balances between $135 and $375, the minimum monthly payment is increased by 50¢ for each additional $15 or less.

$375.01 — 405	$15.00
405.01 — 420	15.50
420.01 — 435	16.00
435.01 — 450	16.50
450.01 — 465	17.00
465.01 — 495	17.50
495.01 — 510	17.75
510.01 — 525	18.25

For balances over $525, the minimum monthly payment is increased by 50¢ for each additional $15 or less.

Paying More than the Minimum — You can pay your entire balance at any time. Or you can pay any amount from the minimum payment due to the entire balance. The larger the payment that you make on your entire balance, and the sooner we receive your payment, the less **finance charge** you will have to pay.

Past Due Accounts — If you do not pay on time, we can require that you make immediate payment of your entire balance, subject to any rights you have by state law to correct your non-payment. We may use an outside attorney to collect your account.

If there is a lawsuit and you lose, you will pay reasonable attorney's fees, plus court costs, as permitted by the law in your state. (This does not apply if you live in Alabama, Iowa, Kansas, Maine, Nebraska, New Hampshire, or Wisconsin.)

If You Move — You must notify us promptly if you move. If your new residence is in another state, our terms in that state will apply only to purchases you make after we receive notice of your move.

Our Rights — We can change our credit terms after letting you know we are going to make a change. We can limit this credit program, limit your credit privileges, or cancel your account. If we ask, you must return all JCPenney charge cards that you received. These cards always belong to us.

We give up any rights to any mechanic's or materialman's liens on real property used or expected to be used as your principal residence. If you live in Florida, we will keep a security interest in any items charged to your account, except for those items that are considered real property under state law.

Your Account Information — We may give credit bureaus or other creditors information about how you have handled your account. We may also give or obtain information from others when: you have not paid on time; it is necessary to handle your account properly; we think there is a question of illegal or improper activity; we receive a legitimate request from a governmental authority; or we are required to do so by law.

We may use information about you for other business purposes. This includes sharing information about you with other companies that are part of the J.C. Penney family.

Credit Reports — Before we open an account, we may check the information you have given us with credit bureaus or with others. We may also request additional information from them, including a credit report, before approving your application. We may ask for a credit report after your account is opened if we want to update our records, renew your account, or decide whether to give you additional credit.

Advertisements in the Mail — Because many customers like to shop at home, we send advertisements with billing statements and in separate mailings. These advertisements may be for sale events, special interest items, offerings from JCPenney catalogs or insurance companies, among other things. If you do not want to receive these advertisements, you can tell us at the credit desk in any JCPenney store, or you can write to the credit office address shown on your billing statement.

The law requires us to give you the following notices.

NOTICE: See accompanying statements (on opposite page) for important information regarding your rights to dispute billing errors.

NOTICE: ANY HOLDER OF THIS CONSUMER CREDIT CONTRACT IS SUBJECT TO ALL CLAIMS AND DEFENSES WHICH THE DEBTOR COULD ASSERT AGAINST THE SELLER OF GOODS OR SERVICES OBTAINED PURSUANT HERETO OR WITH THE PROCEEDS HEREOF. RECOVERY HEREUNDER BY THE DEBTOR SHALL NOT EXCEED AMOUNTS PAID BY THE DEBTOR HEREUNDER.

NOTICE TO THE BUYER: Do not sign this credit agreement before you read it or if it contains any blank spaces. You are entitled to a completely filled in copy of the credit agreement when you sign it. Keep it to protect your legal rights. You have the right to pay in advance the full amount due.

HAWAII—NOTICE TO THE BUYER:

1. Do not sign this contract before you read it or if it contains any blank space. 2. You are entitled to a completely filled in copy of this contract when you sign it. 3. Under the law, you have the following rights: (a) To pay off in advance the full amount due and to obtain a partial refund of the finance charge, if paid in advance; (b) Under certain conditions, to redeem the property if repossessed for a default.

IN CASE OF ERRORS OR INQUIRIES ABOUT YOUR BILL

The Federal Truth in Lending Act and the Utah Uniform Consumer Credit Code require prompt correction of billing mistakes.

1. If you want to preserve your rights under the Act, here's what to do if you think your bill is wrong or if you need more information about an item on your bill:
   a. Do not write on the bill. On a separate sheet of paper write (you may telephone your inquiry but **doing so will not preserve your rights under this law**) the following:
      i. Your name and account number.
      ii. A description of the error and an explanation (to the extent you can explain) why you believe it is an error. If you only need more information, explain the item you are not sure about and, if you wish, ask for evidence of the charge such as a copy of the charge slip. Do not send in your copy of a sales slip or other document unless you have a duplicate copy for your records.
      iii. The dollar amount of the suspected error.
      iv. Any other information (such as your address) which you think will help us to identify you or the reason for your complaint or inquiry.
   b. Send your billing error notice to the address which appears on your bill after "Send Inquiries to:".* Mail it as soon as you can, but in any case, early enough to reach us within 60 days after the bill was mailed to you.
2. We must acknowledge all letters pointing out possible errors within 30 days of receipt, unless we are able to correct your bill during the 30 days. Within 90 days after receiving your letter, we must either correct the error or explain why we believe the bill was correct. Once we have explained the bill, we have no further obligation to you even though you still believe there is an error, except as provided in paragraph 5 below.
3. After we have been notified, neither we nor any attorney nor a collection agency may send you collection letters or take other collection action with respect to the amount in dispute; but periodic statements may be sent to you, and the disputed amount can be applied against your credit limit. You cannot be threatened with damage to your credit rating or sued for the amount in question, nor can the disputed amount be reported to a credit bureau or to other creditors as delinquent until we have answered your inquiry. **However, you remain obligated to pay the parts of your bill not in dispute.**
4. If it is determined that we have made a mistake on your bill, you will not have to pay any finance charges on any disputed amount. If it turns out that we have not made an error, you may have to pay finance charges on the amount in dispute, and you will have to make up any missed minimum or required payments on the disputed amount. Unless you have agreed that your bill was correct, we must send you a written notification of what you owe; and if it is determined that we did make a mistake in billing the disputed amount, you must be given the time to pay which you normally are given to pay undisputed amounts before any more finance charges or late payment charges on the disputed amount can be charged to you.
5. If our explanation does not satisfy you and you notify us **in writing** within 10 days after you receive this explanation that you still refuse to pay the disputed amount, we may report you to credit bureaus and other creditors and may pursue regular collection procedures. But we must also report that you think you do not owe the money, and we must let you know to whom such reports were made. Once the matter has been settled between you and us, we must notify those to whom we reported you as delinquent of the subsequent resolution.
6. If we do not follow these rules, we are not allowed to collect the first $50 of the disputed amount and finance charges, even if the bill turns out to be correct.
7. If you have a problem with property or services purchased with a credit card, you may have the right not to pay the remaining amount due on them, if you first try in good faith to return them or give the merchant a chance to correct the problem.

*Connecticut customers should address inquiries to: J.C. Penney Co., Inc., P.O. Box 1000, Voorhees, NJ 08043. Our phone is: (609) 772-3000. (You may telephone your inquiry, but doing so will not preserve your rights under the law.)

What Price—and When?

Prices in this catalog become effective on August 23, 1980. Most toys are available until August 15, 1981, at prices indicated (notices printed in this catalog identify the "long-life" pages for you). Some items are offered at savings that have a cut-off date of December 27, 1980, and a notice on the page where the item is sold will tell you so. All other prices are subject to change starting January 24, 1981.

You always get our lowest current price. If we reduce a price from one catalog to another (as in our sale books) you pay the lower price during the period when it is in effect—even if you have ordered at the higher price. You don't even have to know that the price has been cut! If you send us too much money, we automatically refund the overpayment. When merchandise is returned, the refund or exchange will be based on the price charged at the time you made the purchase. Our catalog is published in two regional editions, with some variations in merchandise selection and pricing. The preceding information refers to pricing in catalogs distributed within the same region.

We will fill your order from any of our expired catalogs as long as we have the merchandise in stock. You will be charged the price that is in effect when we receive your order. The price may have reverted to its former level or it may have been altered by the publication of a new catalog.

Prices in this catalog apply only to orders placed by telephone or in person at a JCPenney Catalog Department, or by mail to a JCPenney Catalog Distribution Center. Catalog merchandise selections and prices may vary from those in our stores.

"Our Lowest Price . . ."

Some items in this catalog are offered at "Our lowest price ever" or some other variation of "Our lowest price . . ." All of these statements refer to pricing in Penneys two big general catalogs (Spring & Summer and Fall & Winter), our two seasonal catalogs (Summer and Christmas), and all sale catalogs except the overstock clearance events called Budget Watchers Sale. These statements do not include pricing of the same merchandise in Penney stores.

For a Larger Selection of Merchandise

Whatever you're shopping for—clothes, gifts, something for your family or home—if you can't find it in this catalog, look in our big Fall '80 Catalog. Index starts on page 818.

Send Gifts to a Friend

Write carefully the name and address of the person you wish to send gift(s) to—don't forget the Zip Code. In each Gift Parcel we enclose a slip with your name as sender, and a Merchandise Return Form. No price is shown.

JCPenney Home Colors

Now it's easy to use color in home decorating—no more wondering if colors go together. Because every time you choose one of the JCPenney Home Colors in home furnishings, you can be sure that all shades in the same color "family" will harmonize. Read about it (and see the JCPenney Home Colors!) on page 1162 in our big Fall '80 Catalog.

Save On Shipping

The transportation-and-handling charge for Class C merchandise is usually less when your order is sent to a Catalog Department instead of your home. Even if you arrange for trucking from the Catalog Department to your home, the combined charges will usually be lower than if you had the item shipped from our warehouse directly to your home. See page 364 for information about Taxes.

How to Get Our Catalogs

A Note to Regular Customers: You'll continue to receive our catalogs without charge as long as you order regularly each season—two purchases totaling $30 in a 6-month period. You can shop in our big Spring and Fall catalogs, seasonal catalogs (Christmas, Summer), or sale catalogs. Place your orders by phone or in person at a Penney Catalog Department—or by mail. All orders count toward keeping your family on our active mailing list—so please use the same name and address each time you order! And don't forget to order this season so you can count on getting our catalogs next season. Also, please don't forget to notify us if you move (see below)!

A Special Offer to New Customers: You can have your own copy of this Christmas Catalog by sending us a postcard requesting it (only one to a household, please). Just print your name and address—don't forget Zip Code—on the back of the postcard. The front of the card should be addressed to us as follows:

J.C. Penney Company, Inc., Catalog Division
Circulation Dept., Post Office Box 686
Milwaukee, Wisconsin 53201
Attention: Catalog Request

When we receive your card or letter, we'll send you our Christmas Catalog—as long as we have copies available.

About Garments on a Hanger

When we say that a garment is "on a hanger," we mean it is shipped from the manufacturer to our distribution center on a hanger, stored there in a hanging position, and finally, at a Catalog Department, you pick it up on a hanger. In addition, you receive it in a plastic bag so it's neat and fresh—and, in most cases, ready to wear immediately. Many of our garments for women, and some for men and girls, are handled in this way.

All of our ultra-modern distribution centers have a special fashion section for "on hanger" clothing—that means you get prompt service no matter where you live. We are proud of our "on-hanger" service, introduced 16 years ago—and our customers tell us they like it too.

FLAME-RESISTANT

Federal law requires that all children's sleepwear (sizes 0 to 14) be flame-resistant. In addition, we offer many other garments, for children and adults, made with fabric and trim which pass the flame-resistance test of the Consumer Product Safety Commission Regulation No. FF5-74. This is not a legal requirement, but it is a reassuring "plus" feature.

Flame-resistant fabrics have these important qualities:

- They're *more resistant* to catching fire than ordinary fabric.
- Flame spreads *more slowly* when the source of fire is still in contact.
- Flame is either *self-extinguishing* or *easy to extinguish* by brushing, slapping, or smothering it away.

The 100% polyester and 100% nylon fabrics that our catalog describes as flame-resistant have a characteristic that contributes to their flame-resistance—when exposed to flame, the fabric shrinks away from the source of heat. If it is thus withdrawn entirely from the flame, there is little danger that it will ignite.

Of course, flame-resistant fabrics are not fireproof, and they do not protect their wearer from intense heat. But they do a lot ordinary fabrics don't do—and that can add greatly to your peace of mind.

For a complete collection of flame-resistant fabric merchandise, see the special listing on page 822 in the index of our big Fall '80 Catalog.

There is a return envelope attached to an extra Order Blank in this Catalog.

How do you choose a toy for a child you love? JCPenney has a service to help: CONSUMER INFORMATION ABOUT TOYS

Playing is a form of learning, and toys are important learning tools. Children need good tools to help them make the most of their play, just as adults need good tools for whatever kind of work they do. Through play, children develop an understanding of the world around them. They learn to express their ideas about the people, things, and events in their lives.

Toys are such an important part of a child's development that they should be chosen carefully. With the number of toys on the market, this is often difficult. Whether you are a parent, relative, or friend, you may feel that you would like more information about how toys help children to grow and what to look for in buying toys.

The information about toys on this page has been developed by a panel of child-guidance authorities, in cooperation with our Consumer Affairs Department.

The symbol ⓘ appears on many of the toy pages in this catalog.

It stands for Consumer Information and is part of a box that frames more specific information about various kinds of toys. This information also comes from our panel. Its purpose is not to tell you what toys to buy, but to help you learn more about how and why to buy them.

WHY CHILDREN NEED TOYS

On their way to becoming adults, children need to grow not just physically; they also need to grow mentally, creatively, and socially. Toys should help children to grow in one or more of these four different ways . . .

1. Physical
   - exercise the large and small muscles
   - develop physical skills and coordination
2. Mental
   - help the child to deal with language, numbers, and other kinds of information.
   - develop the ability to solve problems
3. Creative
   - encourage the child to be imaginative and inventive
   - provide an opportunity for self-expression
4. Social
   - give the child practice in getting along with people
   - help develop communication skills

WHAT TO LOOK FOR IN A TOY

A good toy should . . .

1. Be enjoyable, so the child will want to play with it.
2. Be safe, well-made, and durable.
3. Be interesting enough for the child to return to it.
4. Be usable in a variety of ways or for a variety of purposes, instead of limiting the child to just one kind of play.
5. Actually do what it claims to do and what the child expects of it.
6. Actively involve the child, not just in acting as a spectator, but in actually using the toy.
7. Help provide an understanding of the everyday world.
8. Challenge, but not frustrate.
9. Help to build a positive self-image for the child.
10. Be the best buy for the money in the long run.
11. Be appropriate to the child's stage of growth and development, rather than just the child's age.
12. Suit the child's own interests, preferences, and abilities.

HELPING CHILDREN GET THE MOST OUT OF TOYS

1. Play briefly with the child to spark interest in an older toy.
2. Be sure the play situation is a safe one by setting rules and limits that the child understands. Check on how things are going as often as necessary.
3. Avoid overwhelming the child with too many toys at once. This can lead to loss of interest in any toy. Put some of the toys away and bring them out later to keep the child's enthusiasm high.
4. Provide the kind of storage that makes it easy and safe to find toys and put them away again. Shelves and small boxes are often better than large toy chests and are especially helpful in keeping the parts of toys together.
5. Repair broken toys promptly, to extend the life of the toy and prevent accidents to the child.

AND A FINAL NOTE

Gifts of toys should be a part of, rather than a substitute for, the gift of yourself. Giving the child time and attention can make finding suitable toys much easier. Listening and observing, along with a good measure of common sense, are good ways of finding out what the child needs and what he or she wants. Those are the things that make you the best judge of what toys to buy.

CHOOSING ELECTRONIC GAMES:

Our Consumer Affairs department has developed a kit on Choosing Electronic Games. You can borrow this kit. It contains all the information you need to present a 45-minute program to your local PTA, church group, woman's group, or other organization. The kit includes: a leader's guide; three games; a 10-minute filmstrip or slides and cassette tape; and Consumer Information Guides. Kits are available in both English and Spanish.

SEND FOR A CONSUMER INFORMATION GUIDE:

Just send a stamped (15 cents), self-addressed, business-size (9½ in. by 4 in.) envelope with the words Electronic Games written on the back to Customer Service Dept., J.C.Penney Company Inc., Catalog Division, P.O. Box 500, Columbus, Ohio, 43216. (For the Guide in Spanish, ask for Juegos Electrónicos.)

PRESENT A PROGRAM FOR YOUR COMMUNITY OR SCHOOL GROUP:

To make arrangements to borrow a complete program kit, call the manager of your closest JCPenney store to schedule a date.

CONSUMER INFORMATION ABOUT DOLLS

Throughout history, dolls have been popular playthings, and they are still an important way of helping children to develop. They encourage children playing alone or in groups to imitate real-life situations and to use their imaginations freely. They help children to communicate, build small-muscle skills, and develop social awareness. In addition, they are just plain fun.

CONSUMER INFORMATION: DOLLS AS COMPANIONS

Many children see their dolls as friends who can always be counted on. Like good friends, dolls provide children with companionship and emotional support. Whether children are feeling happy or sad, lonely or surrounded, proud or ashamed, they can tell the whole story to their favorite dolls and feel better because there is somebody who understands.

CONSUMER INFORMATION: DOLLS AND ROLE-PLAYING

Dolls give children a way of practicing adult roles. Pretending to be mothers and fathers helps children to sort out their feelings about those roles and to understand relationships within their own and other families. Doll play also allows children to see themselves in such grown-up occupational roles as doctor, nurse, and teacher.

CONSUMER INFORMATION: DOLLS AS COMPANIONS

Many children see their dolls as friends who can always be counted on. Like good friends, dolls provide children with companionship and emotional support. Whether children are feeling happy or sad, lonely or surrounded, proud or ashamed, they can tell the whole story to their favorite dolls and feel better because there is somebody who understands.

A **Floppy Legs Softina** is as chubby and soft as a real baby. And when you pick her up, her legs "flop" down—just like a real baby's do. She even wears the same clothes size as a 6-month old baby—she's 23 in. tall! She drinks and wets and she's completely washable. She has fully rooted, combable hair and her blue eyes close when she lies down. Vinyl head with soft vinyl foam body, arms, and legs. She's dressed in a long sleeve pinafore-style pink and white gingham dress and matching bonnet, panties, pink booties, and comes with her own plastic bottle.

CONSUMER INFORMATION ABOUT PLAYHOUSES

Playhouses can inspire imaginative role-playing for the child, alone or in a group. Make-believe can turn playhouses into castle or cottage, tent or tower—whatever the child wishes. They strengthen social skills and also stimulate active physical play. Before buying, check the dimensions carefully. The house must be large enough for the children who will be using it.

F to H **Roomy Playhouses** are just what children need when their friends arrive to play. Playhouses are made of sturdy, corrugated fiberboard. They come unassembled, but include everything you need to make assembly a breeze—all you have to do is slip the knobs through the slots, and bolt them together. Instructions and bolts included.

[F] Walk-In Playhouse. Come in, sit down, and relax. Ready-to-furnish playhouse stands 62 in. high. Has two open-lattice cardboard windows, and a 48-in. high walk-in door. There's a "mailbox" that really takes letters. Playhouse is big enough for a get-together of four kids. White with red, green, and black design. 45x48x62 in. high.
XU 921-2283 A—Delivery weight 15 lbs. **11.99**

[G] Mickey Mouse® Clubhouse. Big enough for four club members. Bright, gaily decorated clubhouse stands 50 in. high. Has two open windows. Printed Mickey and his friends are parading around, and popping out of attic "windows." Front door opens and closes. Realistic "stovepipe chimney." White with blue, red, and yellow trim. 37x35x50 in. high.
XU 921-8512 A—Delivery weight 12 lbs. **11.99**
®Walt Disney Productions.

[H] Crawl-In Teepee. Big enough to hold a pow-wow for three. Printed in white, blue, and gold. 40x40x48 in. high. Includes 2 arm bands, 2 tomahawks, and 2 feathers.

CONSUMER INFORMATION ABOUT CHARACTER TOYS

Toys in the form of characters from TV, films, and books give the companionship of familiar friends. This can be important for the child who is playing alone. These toys help children to express their feelings by acting out the roles the characters play, and by creating imaginative plays of their own. This is especially true of hand puppets and ventriloquist dolls.

CONSUMER INFORMATION ABOUT STARTER TOYS

For the growing baby, learning to talk and to coordinate body movements are important goals. Toys that are meant to be pushed or pulled, opened or shut, squeezed or swatted are good because they help to develop physical coordination. To stimulate learning to talk, look for toys that make the baby part of the action instead of just a spectator. Watching is not as good as doing.

CONSUMER INFORMATION: LEARNING THROUGH PLAY

While pre-schoolers are having fun with toys, they can also be learning many important things. Well-chosen toys can help preschoolers to recognize similarities and differences in colors, sizes, shapes, and textures, and to understand relationships such as in-out, light-heavy, above-below. Toys can also help teach children to understand and deal with numbers and words.

CONSUMER INFORMATION: MORE ABOUT PRE-SCHOOL

Whether or not children are "well-adjusted" depends a lot on how much chance they had to develop self-confidence. Toys for pre-schoolers should help them to feel proud of what they can do. Try to choose toys that are challenging but not so difficult that they discourage the child. Children who like themselves find it easier to like others.

Look, Listen, and Learn

1 to 4 Talking Books® Read Themselves to Children. Make learning to read easier and more fun. And, what child doesn't love to hear a story? Children simply dial the wheel to hear the 5-minute story, with background sound effects. They can follow the easy-to-read large print, and look at the 16 pages of colorful pictures. The talking section of the book is plastic, so the story can be played over and over again—and it doesn't use batteries. Each book is 8½x11x1½ in. thick. Suggested for ages 3 to about 7 years. Delivery weight 1.40 lbs. each.

Toys To Tinker With

1 **A Merry-Go-Zoo** where two little people tour a zoo that has a rotating giraffe, a track-bound elephant, and 2 pond-skating penguins. The elephant drops off a rider at the giraffe's ramp. The giraffe picks up the rider and puts him on the penguin's ride. Then the elephant comes back to pick him up. 8-piece track is 22¾x14¾ in. wide. Uses one "C" battery—not included, sold on page 461. Plastic. Some assembly required. Suggested for ages 3 to about 7 years. Imported from Taiwan.
XU 923-4444 A—Delivery weight 3.15 lbs **15.99**

2 **Three Stranded Castaways Adrift on Gilligan's Floating Island©**. Gilligan, the Captain, and Mary Ann live on the island with a hut, palm tree, boat, raft, and treasure chest. Perfect for bathtime fun. Plastic. 10¼x4¼x13 in. high. Suggested for ages 2 to about 6 years.
XU 924-7529 A—Delivery weight 2 lbs **11.87**
©Filmation 1977, all rights reserved.

3 **Snappy Shots® Takes Happy Shots** as kids say "cheese", and shoot pretend pictures over and over. Put one of the 6 blank films in the slot in front of the camera, look through the viewer, and set "focus." Then press the shutter and out pops a full color picture. In a few minutes the picture disappears—so the film can be reused. Rotating flash cube, carrying strap. Plastic 5¾x5x5¾ in. high. Suggested for ages 3 to about 7 years.
XU 923-4469 A—Delivery weight 1 lb **6.77**

4 **You Do A Lot with Doctor Do A Lot.** Set includes a play thermometer, hypodermic needle, stethoscope, and blood pressure cuff that gives a reading when the bulb is pressed. Unit registers make-believe EKG blips and photographs X-rays. There's a lung-capacity read-out and you can even pretend to take a blood transfusion. Unit measures 9x3x8 in. high. Plastic. Suggested for ages 3 to about 7 years. Imported from Hong Kong.
XU 924-7537 A—Delivery weight 2 lbs **11.99**

5 **Tutor Typer** is a fun teacher. It doesn't really type, of course, but the keys and carriage do move, the bell rings, and the display panel rolls to show each letter of the alphabet, or a number from 1 to 10. There's a picture and word to illustrate each letter and number. Plastic 8¾x8¾x4 in. high. Suggested for ages 3 to about 8 years.
XU 925-2461 A—Delivery weight 1.50 lbs ..**8.49**

6 **Tuneyville Choo-Choo** plays 11 different tunes with a calliope sound. Plays special music-box records—just drop record in top slot and flip the switch. Plastic. 4 records. Uses 2 "D" batteries—not included, sold on page 461. 9 in. long. Suggested for ages 3 to about 7 years.
XU 924-1647 A—Delivery weight 2.50 lbs **12.69**

7 **Doggone Dog Does the Doggondest Things!** Press his top hat down and his ears flap up, his eyes shut, his nose pokes in, and his tongue disappears. When his hat pops up, he does it all in reverse, then swings his arms up and down and scoots away. Plastic. 8¼ in. high. For ages 3 to about 7 years. Imported from Singapore.
XU 924-7602 A—Delivery weight 1 lb **5.99**

8 **Totin' Turtle** can crawl on the floor or swim in the tub. Just press baby Myrtle on her back and she briefly tucks her head, arms, and legs back into her shell; then scurries or swims away. Plastic. 8½x7¼x4⅜ in. high. Suggested for ages 3 to about 7 years. Imported from Taiwan.
XU 924-7628 A—Delivery weight 0.75 lb **4.77**

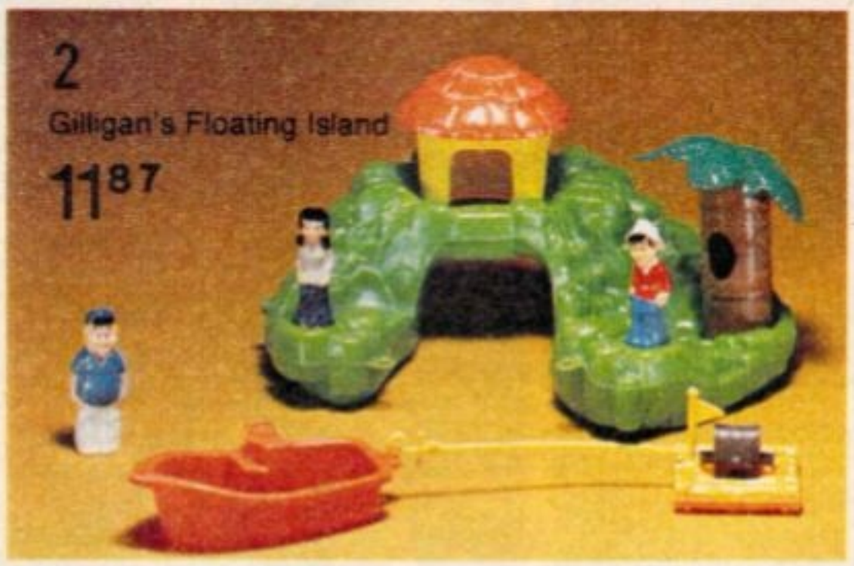

9 & 10 **Fold-A-Vehicles** change right before your eyes. Plastic. Suggested for ages 3 to about 7 years. Imported from Hong Kong.

CONSUMER INFORMATION: DEVELOPING COORDINATION

Pre-schoolers need toys that help them to gain better control of their bodies. They need to be able to use their large muscles in active physical play. They also need help in learning to use the small muscles in their hands for close work and for developing coordination. This kind of activity is fun for children playing alone—and it helps them to get along with other children.

CONSUMER INFORMATION ON MECHANICAL TOYS

Besides being exciting and fun, mechanical toys can give children the pleasure of being in control. Making these toys go through their paces gives children a feeling of mastery and achievement and also develops mechanical skills and muscular coordination. Try to match toys to the age of the child, since toys that are too difficult are likely to be frustrating.

CONSUMER INFORMATION ABOUT ADVENTURE TOYS

The active, imaginative play that adventure toys stimulate provides children with a socially acceptable way of releasing tension. These toys take children into a pretend world and yet help them to express their feelings about the real world and to act out adult roles. It is the child who controls the action with these toys. This helps the child to feel less dependent.

CONSUMER INFORMATION: ELECTRONIC SPORTS GAMES

By simulating games like baseball or football, sports games help a child develop fine hand coordination and a sense of timing. Some can be won simply by chance, others demand skill in anticipating moves. Most can be played both independently and against an opponent to help a child learn to handle competitive situations. Look for sports games that have several playing options and skill levels to maintain the child's interest as his or her skills develop.

CONSUMER INFORMATION ABOUT ART SETS

Creative toys develop eye-hand coordination and provide both pleasure and pride of accomplishment. These toys are best when they encourage self-expression, imagination, and experimentation, and do not limit the child to copying and imitating. When choosing creative toys, look for the ones that offer considerable freedom; rules and restrictions tend to stifle creativity.

CONSUMER INFORMATION ABOUT MODEL TRAINS

Model railroad trains can be much more than just a toy. They may become a fascinating hobby that can give years of pleasure, right into adulthood. They help to develop mechanical and manual skills, and they encourage parent-child interaction. Expanding the track layout and building scenic settings add creativity and inventiveness to the pleasures of "railroading."

CONSUMER INFORMATION: ELECTRONIC GAMES FOR THE WHOLE FAMILY

Electronic games designed for adults and children to play together can promote good family relationships and a healthy spirit of competition. Some require logic and can help a youngster in problem-solving; others help develop memory and attention span. To add variety and continuing challenge, look for toys that play more than one game, have varying skill levels, and can be played by one, two or more players.

CONSUMER INFORMATION ABOUT BUILDING TOYS

Building toys provide beginning experiences in engineering and construction principles. They give the child practice in organization and problem solving, develop eye-hand coordination and a sense of achievement. They can be used by a child playing alone or in a group. When choosing a set, consider the child's age. Younger children can be frustrated by sets that are too complicated.

CONSUMER INFORMATION: A CHILD'S OWN FURNITURE

Having furniture of their very own gives children a sense of self-worth, pride and independence. It can teach them to be neat and orderly and to take care of things. It is also more convenient and comfortable when they are working on hobbies and doing homework. Look for furniture that is sturdy and well-made and that has enough work surface to spread out materials.

CONSUMER INFORMATION ABOUT COSTUME CLOTHING

Costumes are not just for Halloween. Dressing up can be a favorite kind of play for children at any time of the year. Costumes help to develop self-expression, imagination and creativity whether children are putting on plays with their friends or pretending by themselves. Be sure costumes are large enough for activity play now and also for future growth.

CONSUMER INFORMATION ABOUT RIDE-ON TOYS

Ride-on toys are an excellent way of helping preschoolers to develop their large muscles and improve their balance and coordination. Sharing ride-on toys is a good way of learning how to take turns. Be sure the child's feet can reach the floor and hands can reach the handlebars.

CONSUMER INFORMATION ABOUT MUSICAL TOYS

Musical toys can be hard on parents, but they are fun for the child and provide a way to experiment with the basic elements of music. By sharpening the child's listening skills, they help develop the ability to recognize the differences in sounds, and they also develop a sense of rhythm. Musical toys may be the start of a lifelong interest in music.

CONSUMER INFORMATION: THE JOY OF MUSIC

Toy pianos and organs allow children to practice musical skills and to create their own music. They are entertaining and also develop a sense of achievement. They can encourage an understanding of rhythm, tone, melody, and even harmony. Though they are enjoyable as toys, it should be remembered that some are not musical instruments that meet adult standards.

Improve Your Skill With These Game Books

CONSUMER INFORMATION: THE WORLD OF BOOKS

The competition from TV makes it doubly important to encourage children to read by giving them books of their own. Reading builds language skills and makes writing and speaking easier. But beyond that, children who learn to read for pleasure have a life-long tool for escaping boredom, expanding their minds, and understanding viewpoints larger than their own.

SIZE NOTE: 27-in. bikes require minimum leg length of 34½ in., 26-in. bikes require leg length of 33 in., 24-in. bikes require minimum leg length of 30 in., 20-in. bikes require minimum leg length of 27 in. To determine leg length, measure distance from crotch to ground. Minimum leg length for each bike is the distance from the floor to the top bar, plus one inch clearance. Seats and handlebars on all our bikes are adjustable to help assure comfort.

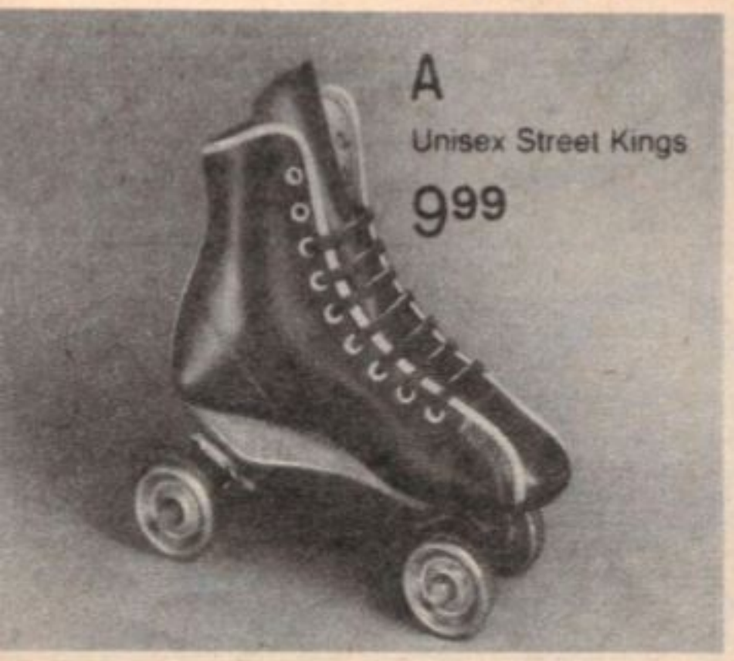

FULL ONE-YEAR WARRANTY. Within one year of purchase, we will repair, or, at our option, replace this JCPenney bicycle if it is defective in material or workmanship. Parts and labor are included. Tires and tubes are not covered by this warranty. This warranty does not apply to any bicycle that has had a motor attached or has been used for rental. Just return it to a JCPenney store for service. For the balance of this warranty, see page 363.

FULL FRAME WARRANTY FOR AS LONG AS YOU OWN THE BICYCLE. After the first year from the date of purchase and for as long as you own this JCPenney bicycle, we will repair, or, at our option, replace this JCPenney bicycle frame if the frame should fail due to any defect in material or workmanship. Any installation labor is included. The frame is not designed for motocross use which voids this warranty. Just return it to a JCPenney store for service. For the balance of this warranty, see page 363.

FULL THIRTY DAY ADJUSTMENT WARRANTY. Within thirty days of the purchase of this JCPenney bicycle, we will make any mechanical adjustment needed for proper operation. Just return it to a JCPenney store for service. For the balance of this warranty, see page 363.

CONSUMER INFORMATION ABOUT CHILDREN'S WATCHES

Owning a watch makes a child feel grown-up and important. Besides giving children a sense of self-worth, watches help children to understand how long time- intervals actually are. They encourage children to learn to tell time and to be punctual, an important aspect of social development. Also, learning how to take care of a watch tends to develop a sense of responsibility.

Flashes error code if you press the wrong button

CompuCruise with Electronic Speed Control. Pre-set your desired cruise speed at home. When you get underway, engage speed control by touching a key. You can then take your foot off the gas! CompuCruise will hold your vehicle at a steady pace even going up and down hills. You can slow down to adjust to traffic flow, accelerate to pass, then return to your cruising speed. Speed control disengages when you press brake clutch pedal, turn off ignition, decelerate, or set cruise speed below 25 mph. Four magnets, combined with a sensor, accurately measure your vehicle's speed and an electronic control unit regulates the throttle setting of the engine, automatically keeping vehicle at a desired speed.

Both CompuCruise Units can be calibrated by a simple key sequence to provide you with constantly updated information on your fuel supply. It tells you total remaining fuel in tank, and fuel required to arrive at destination (based on speed and current fuel consumption). This information can be used to help determine your most efficient driving speed. Read more on page 856 of our big Fall '80 Catalog.

INSTALLATION NOTE: Both CompuCruise units fit most domestic cars, vans, light trucks, and RVs with manual or automatic transmissions, except those with diesel engines. Be sure to refer to the chart at right to determine whether your car will require an adapter kit. Command module mounts above, below, or flush against dash. Speed sensor mounts under vehicle, near drive shaft. Fuel flow sensor mounts in fuel line between fuel pump or carburetor, except for those which require a fuel return kit. On CompuCruise with speed control, disengage switch mounts above and behind brake pedal, inside temperature sensor mounts on firewall; vacuum servo unit connects to throttle, and coolant temperature sensor mounts on radiator hose. All components connect to command module with lead-in wiring. Some drilling is required.

CompuCruise must be installed by person with above-average mechanical knowledge and ability. Professional installation is available at any JCPenney Auto Center, by appointment, at extra charge. For the location of Auto Center nearest you, contact Customer Service or any JCPenney Catalog Desk. Warranted by manufacturer—see page 363. Reduced from our big Fall '80 Catalog—see page 856.
